

To the Town of Liberty Grove Board

> Members:

>

> I am urging you to pass the Selective Roadway Maintenance

> addendum that will be discussed and voted on tomorrow

> evening.

>

> In an ongoing attempt to save the beauty and natural state

> of Liberty Grove, I feel that the selective maintenance

> policy will protect us from careless and excessive

> trimming. We have seen far too many instances of this

> happening in the past several years.

>

> It is clear that the will of the people has sometimes been

> ignored. This addendum gives you the opportunity to

> correct the rules by which trees are trimmed and cut.

>

> Please listen to our pleas to save our wildlife, roads and

> the true rural nature of Liberty Grove.

>

> Sincerely,

>
