

Dear Liberty Grove Town Board:

I am writing this email as a long-term, active member of the Door Bluff Neighborhood Association. While I am unable to attend many of the town meetings, I have been closely following the recent activities regarding road maintenance, policies and designations. I appreciate the time and attention the Town Board is devoting to hearing our concerns and hope we can continue to work together to preserve the natural history and beauty of our area. To that end, I would like to add my support to the concept of Heritage Road Designations and that the suggested addendum to the Town of Liberty Grove Road Maintenance Policy (see below) be added to the policy:

"This policy may be modified by the exercise of selective maintenance on appropriate roads, or portions thereof, to preserve their unique rural and/or forested character. Such modification shall follow guidelines as developed by the Town in accordance with established land management practices, and on roadways designated by the Town, with citizen input."

I would appreciate having this email be read into the meeting record.

Thank you,
Rhonda Kirkwood
